BROWN UNIVERSITY
PROVIDENCE

May 29. 1902

My Dear Friend,

My correspondent,

Dr H. Christ

Rue St Jacques 5

Bâle, Suisse,

whom I never met, is one of the oldest and dearest on my list, Do you know him?

It occurred to me that he would be delighted to discuss Boltzmann with you — and so I have inclosed his note, and will write him so, Do drop him a line, If you don't already know him, you will thank me for a genial, whole-souled friend, He is also very conservative,

I hope — that is all that with my hamperings I can do, to be present at the next meeting, However, as I start the Thursday after, June 9th for

the Centennial at my old home,
West Point — and it is to be a
very select and musical program,
I may feel like keeping what
thoughts I retain, for Art, God knows
it is little enough —

I declined today — twice,
or twice — and thought of you.
Collins suppressentat me or
Shallopyto — etc, Our hearers
set agape and aghast!

Much good luck — and
abundant health and happiness
to you — from Yours ever cordially

W. W. Bailey
